In-Drawer Receptacle, Model Nos. 0290- followed:

Past Models - 30000, 30001, 30100, 30101, 30400, 00324, 0324(X)-I, 00321, 0321(X)-I, 20324, 20324(X)-I, 00033, 00032, 00050, 029000050, 00078, 30130, 30132, 30101, 30330, 30332, 30430, 30432 may be followed by one letter. IE - 0290-3000-X100, 00004, 00005, 00011, 00013, 00012, 00015, 00016, 00020, 00030, 00031, 00032, 00033, 00045, 00046, 00047, 00048, 00049, 10018, 10021, 10024, 10030, 10118, 10121, 10124, 10324, 10224

Evaluated to the following:

A representative sample of the listed devices have been tested, investigated and found to comply with the requirements of the Standard(s) for Furniture Power Distribution Units (UL-962A) and are identified with the ETL Listed Mark.

ATTACHMENT PLUGS AND RECEPTACLES

Trade Name(s):

Docking Drawer Safety Interlock Outlet with Blade Limit Switch, Safety Interlock Outlet with Side Mount Limit Switch, Safety Interlock Outlet with Corner Mount Limit Switch, Fire Guard Outlet

Model Nos.:

6015-1000W/B , 6015-2000W/B, 6015-2001W/B, 6015-3000W/B, 6015-4000W/B, 6020-1000W/B , 6020-2000W/B, 6020-2001W/B, 6020-3000W/B, 6020-4000W/B

Evaluated to the following:

A representative sample of the listed devices have been tested, investigated and found to comply with the requirements of the Standard(s) for Attachment Plugs and Receptacles (UL 498) and are identified with the ETL Listed Mark.

AUTOMATIC ELECTRICAL CONTROLS

Trade Name(s):

Docking Drawer Safety Interlock Disconnect with Blade Limit Switch, Safety Interlock Disconnect with Side Mount Limit Switch, Safety Interlock Disconnect with Corner Mount Limit Switch, Fire Guard Disconnect

Model Nos.:

6120-1000W/B , 6120-2000W/B, 6120-2001W/B, 6120-3000W/B, 6120-4000W/B

Evaluated to the following:

A representative sample of the listed devices have been tested, investigated and found to comply with the requirements of the Standard(s) for Automatic Electrical Controls (UL 60730) and are identified with the ETL Listed Mark.

2.0 Product Description	
Product	In-Drawer Receptacle
Brand name	Docking Drawer 18, Docking Drawer 24, Style Drawer, Mighty Drawer, Docking Drawer Slim USB, Docking Drawer 18 2.0, Docking Drawer 24 2.0, Docking Drawer Slim USB 11, Docking Drawer 21 Slim, Docking Drawer 24 Slim, Style Drawer Flush and Mighty Drawer Flush, Docking Drawer Blade Series, Docking Drawer Blade USB, Docking Drawer USB Narrow, Style Drawer 30 Flush, Style Drawer 32 Flush, Docking Drawer 24 Blade Duo, Docking Drawer 24 Blade Duo USB, Style Drawer 18 Flush Duo, Style Drawer 21 Flush Duo, Style Drawer 24 Flush Duo.
Description	The product covered by this report is a permanently connected receptacle intended to be installed inside a drawer of a fixed furniture. The receptacle is wall mounted and is cord-connected or connected to a junction box by a cord and supported with a polymeric chain or sheet metal arm assemblies around the cord. The receptacle incorporates a duplex outlet and two USB ports for charging low power electronic devices or 16A duplex outlet with GFCI protection for powering various household devices or 4 port USB charging outlet for charging low power electronic devices. All models come with polymeric faceplates which are made available in different colors.
Models	0290- followed by 00004, 00005, 00011, 00013, 00012, 00015, 00016, 00020, 00030, 00031, 00032, 00033, 00045, 00046, 00047, 00048, 00049, 00050, 10018, 10021, 10024, 10030, 10118, 10121, 10124, 00078, 00077, 00079, 10324, 10224, 00218, 00221, 00224, 20000 or 20001, 00318, 00321, 00324, 00330, 30000, 30030, 30032, 30001, 31030, 31032, 30100, 30130, 30132, 30101, 30330, 30332, 30400, 30430, 30432, 20318, 20321, 20324, 20330; may be followed by one letter. 0290-00075-X105

2.0 Product Description

Model Similarity	<p>Suffix Letter after model number represents the color of faceplate, for e.g: No Suffix: Black color, W: White, R: Red, etc.</p> <p>Style and Might Drawer is similar to each other with only difference being the length of sheet metal arm. Docking Drawer 18 and Docking Drawer 24 are similar to each other with only difference being the length of sheet metal arm. Docking Drawer 18 2.0 and Docking Drawer 24 2.0 are similar to Docking Drawer 18 and Docking Drawer 24 with only difference being that instead of polymeric chain they have metal arm.</p> <p>Model 0290-00020 is similar to model 0290-00012 except that the length of articulating arm is 3" shorter. Model 0290-00030 is similar to model 0290-00015 except that the receptacle enclosure is shorter in height and the length of articulating arm is smaller. Model 0290-00031 is similar to model 0290-00016 except that the receptacle enclosure is shorter in height and the length of articulating arm is smaller.</p> <p>Model 0290-00032 is similar to model 0290-00011 except that the articulating arm is connected to side of enclosure instead of being in the back and is shorter in length.</p> <p>Model 0290-00033 is similar to model 0290-00013 except that the articulating arm is connected to side of enclosure instead of being in the back and is shorter in length.</p> <p>Model 0290-00045 is similar to model 0290-00030 except that it has a 4 port USB outlet instead of a 2 port USB/2 AC outlet. Model 0290-00046 is similar to model 0290-00031 except that it has a 4 port USB outlet instead of a 2 port USB/2 AC outlet.</p> <p>Model 0290-00047 is similar to model 0290-00030 except that the arm length is slightly shorter.</p> <p>Model 0290-00048 is similar to model 0290-00030 except that the arm length is slight shorter and it has a 4 port USB outlet instead of a 2 port USB/2 AC outlet. Model 0290-00049 is similar to model 0290-00011 narrow except that the arm length is slightly shorter. Model 0290-00050 is similar to model 0290-00032 except that the arm length is slightly shorter.</p> <p>Docking Drawer Blade series models are similar to model Docking Drawer 24 Slim except that it has a new arm design. Style Drawer Flush model are similar to model Mlghty Drawer except the arm is longer. Docking Drawer Blade Duo models and Style Drawer Flush Duo models have two outlets. Model 0290-20000 - Identical to 0290-10224 and 0290-20001 - Identical to 0290-00031. It is electrically identical. The only difference is there are no arms, 0290-20000 and 0290-20001 are intended to be installed in a fixed panel as opposed to a moveable drawer.</p> <p>Model 0290-00321 is electrically identical to model -00032 except that it uses a smaller UL listed junction box. it also has similar arms to model -10121 except that it has different arm dimensions.</p> <p>Model 0290-00324 is identical to model -00321 except arms are 1.5" longer)</p> <p>Model 0290-00318 is identical to model -00321 except arms are 1.5" shorter)</p> <p>Model 0290-00330 is identical to model -00321 except arms are 4.5" longer)</p> <p>The new model 0290-00075-X105 is similar to model 0290-20000 same electrical and mechanical means. Differences are the new model 0290-00075-X105 is provided with two receptacles that has 2 AC outlet and 2 USB outlet each and the existing model 0290-20000 is provided with one receptacle that has 2 AC outlet, 2 USB ports and one receptacle has 4 USB outlet. Also new model is provided with 10A circuit breaker since the unit has 4 AC outlet in total Vs 5A circuit breaker in the existing model 0290-20000 since it only has 2AC outlets.</p> <p>Refer to Illustration no. 42 for model similarity for 0290-30000s series.</p> <p>Model 0290- followed by 20318, 20321, 20324, and 20330 have identical receptacle/electrical components as in mode 0290-00218 except with cord holder (arm) design identical to model 0290-00318. The difference between the 0290- followed 20318, 20321, 20324, 20330 are length design. 0290-20318 is 12.6" wide (arms), 0290-20321 is 14.1" wide (arms), 0290-20324 is 15.6" wide (arms), and 0290-20330 is 18.6" wide (arms)</p>

2.0 Product Description					
Product	Interlock Kit for use with In-Drawer receptacles, In-Drawer receptacles.				
Brand name	Docking Drawer				
Description	<p>The product covered by this report is a permanently connected receptacle intended to be installed inside a drawer of a fixed furniture. The receptacle is wall mounted and is connected to a junction box by a cord and supported with a sheet metal arm assemblies around the cord. The receptacle incorporates one or two 16A duplex outlet with GFCI protection for powering various household devices. All models come with polymeric faceplates which are made available in different colors. This product is intended to be used with an appliance that is suitable for installation within the enclosure. These in drawer receptacle models provided with interlock kit, model 0290-00800 to make receptacle be de-energized unless the door remains in the fully opened position. These interlock kit is only intended to be used with in-drawer receptacles covered in this report.</p>				
Models	0290- followed by 00318, 00321, 00324, 20318, 20321, 20324; may be followed by one letter. 0290-00800				
Model Similarity	<p>Suffix Letter after model number represents the color of faceplate, for e.g: No Suffix: Black color, W: White.</p> <p>Model 0290- followed by 20318, 20321, 20324 have identical receptacle/electrical components. The difference between the 0290- followed 20318, 20321, 20324 are length design. 0290-20318 is 12.6" wide (arms), 0290-20321 is 14.1" wide (arms), 0290-20324 is 15.6" wide (arms).</p> <p>Model 0290-00324 is identical to model -00321 except arms are 1.5" longer, Model 0290-00318 is identical to model -00321 except arms are 1.5" shorter.</p> <p>These all 6 different models have the same arm structure except length of the arm. 0290-00318, 0290-00321, 0290-00324, 0290-20318, 0290-20321 and 0290-20324 are same in similar in design and construction, uses same components except Flush Duo have two receptacles pair whereas Drawer Blade models have single receptacle pair. All model has same electrical connection, same arm design, same interlock kit fixing bracket and same fitting. All models use UL listed junction box. Units are permanently connected units with interlock kit connected.</p> <p>0290-00800 is interlock Kit model which is intended to be connected to these all in-drawer receptacle models for powering them on only when they are fully extended/drawers are fully open.</p>

2.0 Product Description	
Product	Flush Type Receptacle
Brand name	Docking Drawer
Description	<p>The product covered by 6015-1000W, 6015-1000B, 6015-2000W, 6015-2000W-X1, 6015-2000B, 6015-2000B-x1, 6015-2001W, 6015-2001W-X1, 6015-2001B, 6015-2001B-x1, 6015-3000W, 6015-3000B, 6015-4000W, 6015-4000B this report is flush type receptacle, with 5-15R receptacles, 6020-1000W, 6020-1000B, 6020-2001W, 6020-2001W-X1, 6020-2001B, 6020-2001B-x1, 6020-2000W, 6020-2000W-X1, 6020-2000B, 6020-2000B-x1, 6020-3000W, 6020-3000B, 6020-4000W, 6020-4000B with 5-20R receptacles, with mounting yoke, with clamp-type pressure-wire terminal, field wiring, all terminal for connecting with copper wire only, intended for mounting in or on an outlet box, an outlet box cover, or a flush device cover plate for fixed installation on branch circuit, An interlock outlet is different from a conventional receptacle in that it requires input from an external switch or sensor in order to supply power. The switch/sensor can be a limit switch designed to work with Docking Drawer Blade Series outlets, side Mount Limit Switch, Corner Mount Limit Switch, Remote Temperature Sensor or Heat Sensor. If the switch/sensor is not connected, or if it is not detecting a safe condition, there will be no power supplied to the receptacle and a red LED will illuminate on the front of the unit. When the switch/sensor is satisfied, power is supplied and a green LED illuminates see below for details.</p>
Models	<p>6015-1000W, 6015-1000B, 6015-2000W, 6015-2000W-X1, 6015-2000B, 6015-2000B-x1, 6015-2001W, 6015-2001W-X1, 6015-2001B, 6015-2001B-x1, 6015-3000W, 6015-3000B, 6015-4000W, 6015-4000B, 6020-1000W, 6020-1000B, 6020-2001W, 6020-2001W-X1, 6020-2001B, 6020-2001B-x1, 6020-2000W, 6020-2000W-X1, 6020-2000B, 6020-2000B-x1, 6020-3000W, 6020-3000B, 6020-4000W, 6020-4000B</p>
Model Similarity	<p>6015-1000W, 6015-1000B with Docking Drawer Blade Limit Switch, the only difference is the color. 6015-2000W, 6015-2000B with Side Mount Limit Switch, the only difference is the color. 6015-2000W-X1, 6015-2000B-x1 same product as 6015-2000W, 6015-2000B but different mounting method. 6015-2001W, 6015-2001B with Corner Mount Limit Switch, the only difference is the color. 6015-2001W-X1, 6015-2001B-x1 same product as 6015-2001W, 6015-2001B but different mounting method. 6015-3000W, 6015-3000B with temperature sensor, the only difference is the color. 6015-4000W, 6015-4000B with Heat Sensor, the only difference is the color. 6020-1000W, 6020-1000B with Docking Drawer Blade Limit Switch, the only difference is the color. 6020-2000W, 6020-2000B with Side Mount Limit Switch, the only difference is the color. 6020-2000W-X1, 6020-2000B-x1 same product as 6020-2000W, 6020-2000B but different mounting method. 6020-2001W, 6020-2001B with Corner Mount Limit Switch, the only difference is the color. 6020-2001W-X1, 6020-2001B-x1 same product as 6020-2001W, 6020-2001B but different mounting method. 6020-3000W, 6020-3000B with temperature sensor, the only difference is the color. 6020-4000W, 6020-4000B with Heat Sensor, the only difference is the color.</p> <p>The 6015 series and 6020 series have same PCB, just difference is the receptacle.</p> <p>The Side Mount Limit Switch has same construction with Corner Mount Limit Switch, just difference is the color the size of enclosure.</p>
	<p>125V, 15A, 60Hz, 1800W for model 6015-1000W, 6015-1000B, 6015-2000W, 6015-2000W-X1, 6015-2000B, 6015-2000B-x1, 6015-2001W, 6015-2001W-X1, 6015-2001B, 6015-2001B-x1, 6015-3000W, 6015-3000B, 6015-4000W, 6015-4000B</p>

2.0 Product Description	
Other Ratings	For Docking Drawer Blade Limit Switch, Side Mount Limit Switch, Corner Mount Limit Switch, and Remote Temperature Sensor: Input: 125VAC, 60Hz, 0.5A max Output: 24Vdc, 0.56A For Heat Sensor: Input: 9-30VDC Output: 24VDC, Max 100mA

2.0 Product Description	
Product	Flush Type Switch
Brand name	Docking Drawer
Description	The product covered by this report is flush type interlock disconnect for electrical installation. It removes power from anything connected to the load side of the disconnect when it gets the appropriate signal from a docking drawer blade series limit switch, side mount limit switch, a corner mount limit switch, or heat sensor. If the switch/ sensor is not connected, or if it is not detecting a safe condition, there will be no power supplied to the receptacle and a red LED will illuminate on the front of the unit. When the switch/sensors is satisfied, power is supplied and a green LED illuminates.
Models	6120-1000W, 6120-1000B, 6120-2000W, 6120-2000B, 6120-2000W-X1, 6120-2000B-X1, 6120-2001W, 6120-2001B, 6120-2001W-X1, 6120-2001B-X1, 6120-3000W, 6120-3000B, 6120-4000W, 6120-4000B
Model Similarity	All models share the same switch module. Their differences are as listed as below. 6120-1000W, 6120-1000B: with docking drawer blade limit switch, the only difference is color. 6120-2000W, 6120-2000B: with side mount limit switch, the only difference is color. 6120-2000W-X1, 6120-2000B-X1: same product as above but different mounting method. 6120-2001W, 6120-2001B: with corner mount limit switch v2.0, the only difference is color. 6120-2001W-X1, 6120-2001B-X1: same product as above but different mounting method. 6120-3000W, 6120-3000B: with temperature sensor, the only difference is color. 6120-4000W, 6120-4000B: with heat sensor, the only difference is color. Note: W means white color while B is black.
Ratings	125V, 20A, 60Hz, 2500W
Other Ratings	Resistive load. Class II. IP20. PTI175. Ambient temperature limits (switch head): 0-55°C Pollution degree 2. Uimp 2500V. Type 1.B. Overvoltage category: III. Software class: A. Endurance cycles (limit switch and general purpose switch): 10000 cycles (M). Endurance cycles (temperature sensor and heat dectector): 100000 cycles (A).
